**Interweigh Systems Inc.** is a rapidly expanding, wholly owned, Canadian company. Our head office and manufacturing plant is located in Markham and since our inception in 1982, we have added branch offices in Mississauga, Montreal and Woodstock. We are able to design and supply reliable and competitively priced industrial weighing, dimensioning and in-motion systems built with your specifications in mind. Interweigh Systems Inc. ISO 9001 & ISO 17025 registered so you can be assured of a consistent product.

We are authorized distributors for Ishida, Fairbanks, Rice Lake and A & D to name a few internationally recognized scale manufacturers. Additionally, we custom manufacture to fit your specific needs using these and other reputable suppliers.

All of our products carry a one-year warranty against defects in material and workmanship. Extended warranty coverage is available at time of purchase and renewable annually thereafter. We provide factory-trained technicians (inoculated as required for bio-hazardous environments) to perform service and repairs on a "Call" basis or as part of our preventative maintenance plan.

We, at Interweigh Systems Inc., strive for excellence in all endeavours. We will try to achieve total customer satisfaction by delivering premium value products with a service record second to none. We would like to be able to become a member of your team to assist your firm with its' labelling, dimensioning, weighing, scanning & data integration solutions.
